YOURS

Yours to keep
site and domain in your name

01 WHERE WE STARTED

What we built it around.

01 Everything from scratch. Even the bread.

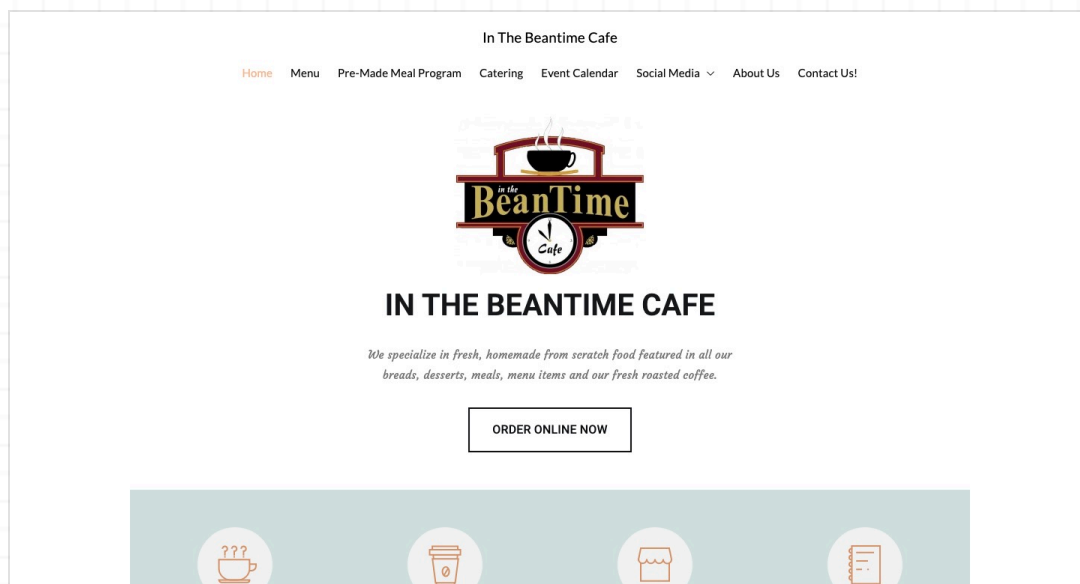

Built on your homepage: fresh, homemade from scratch food in all your breads, desserts and meals. Option 1 builds it like your logo, your own eggs benny as the clock face telling the real Ladysmith time, with Take-n-Bake meals and Order online.

02 Your guests eat well.

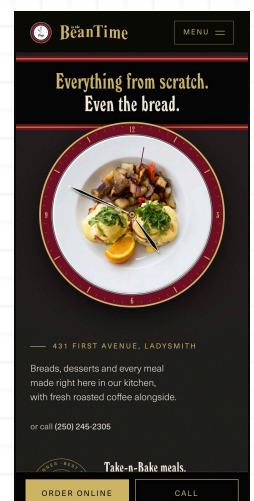

From your Catering page. Option 2 is your own catering table seen from above, your striped runner across the screen and the spread crowding it, from a simple sandwich luncheon to a five course meal.

03 See you in the Beantime.

A sign-off on your own name. Option 3 sets your deck and dome under the string lights between the words, with your Spirit of Ladysmith best small business awards, 2013 and 2024.

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. There's no WordPress and no plugins to keep patching, the usual way small-business sites get broken into. It runs on modern hosting with SSL, and every version is saved, so any change can be rolled back.

03 Who owns it?

You do. The site and the domain are in your name, not ours. Hosting is included and nothing renews unless you ask. If you ever want to move it, you get every file.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from \$250 a month, cancel anytime.

05 When do I pay?

Half (\$600) when you say go, the rest (\$600) when the site is live. You've seen the homepage before paying anything.
